

Emerging Leaders Academy (Year I - 2021)

Emerging Leaders I is a course in personal leadership. It's an opportunity for you to learn things about yourself that you probably didn't know, and to build your personal sense of purpose. The class will help you gain clarity and focus, set goals and priorities, and build confidence. By the end, you'll feel comfortable stepping up into leadership, whether it's running a meeting at work, leading a committee at church or in a civic group, or having better conversations with your kids. This is the first step on the path to becoming a great leader.
